

This remarkable book holds keys to finding joy in your life, relief of pain, secret discoveries of peace, ways to find strength for change, helpful insights into lifting your spirits, incredible inspirational poems, and powerful love revelations (all told through a deeply moving personal account). Life's personal challenges are many. Through poetic interludes that entwine the hardships and turn them amazingly into joys, *Kissing in the Kitchen* (as my parents often did) will offer you the chance to melt away your fears, worries and anxieties. Each poem provokes a story for you to relate to personally. The words regale many life changes in numerous ways. Hopefully, you will be totally entranced into a new way to view life's experiences. The once huge mountains will become dunes of sand which are blown away in the wind, leaving only their beauty and goodness behind. I believe the different experience of looking beyond and seeing things in unusual ways, will truly excite you into realizing that life can become more lovingly joyful and that you have the power to bring it forth. I hope inspiration takes hold and you discover that your wishes and dreams can prevail.
