

Sometime in the future, after devastating wars and fires, a lonely, windswept island in the north is populated solely by women. Among these women is a group of teenaged Trackers™ expert equestrians and archers whose job is to protect their shores from the enemy. The enemy, they™ve been told, is men. When these girls come upon a partially buried home from the distant past, they are fascinated by the strange objects™ high-heeled shoes, teen magazines, make-up™ found there. What are they to make of these mysterious things, which introduce a world they have never known? And what does it mean for their strict society where friendship is forbidden and rules must be obeyed™ at all costs? Reminiscent of *The Giver* but with a feminist twist, *Nomansland* is a powerful, shocking story that will challenge young readers™ perspectives and provoke much discussion over the timely and controversial issues presented.
